

## REVOLUTION TEA EXPANDS HOT TEA LINE WITH FIVE NEW FLAVORS

### **Organic Green, Citrus Spice, White Pear, Black Citron and Organic Green Earl Grey Boost Infuser Tea Bag** □ **Line to 15 flavors**

PHOENIX, June 6, 2005 - Revolution Tea is adding five new flavors to its popular Infuser Tea Bag line. The new blends are offered in Revolution's innovative Infuser Bags brimming with the freshest whole leaf teas, fruits, herbs, spices and natural flavorings.

"The Infuser Bag line has proven popular with consumers who enjoy the convenience of a traditional tea bag with the flavor quality of full-leaf tea," comments David Watson, President of Revolution. Watson adds, "Consumers willingness to learn about what goes into their cup of tea is a prime opportunity for retailers who can step in and act as the educator to generate new sales."

To keep pace with consumer interest, Revolution has also expanded their certified organic offering. Watson states, "We have noticed that many consumers are looking at organic certification as a measure that they are getting the highest quality tea."

The entire range is available in a 16-count retail box and in the T-Box Revolution single serving available in 30-count and 5-pack samplers. The newly expanded line will be introduced at the Fancy Food Show, New York, July 10-12, 2005, at the Revolution Tea Booth #5114.

The five new flavors compliment the current range of 10 flavors that include: Earl Grey Lavender, Tropical Green Tea, Southern Mint Decaf, Bombay Chai, Golden Flowers Herbal Tea, White Tangerine Tea, Sweet Ginger Peach, Royal Plum Decaf Tea, English Breakfast, and Honeybush Caramel.
